

## Buy It Now: Filson Laptop Bag

October 20, 2009

The hustle and bustle of the work week will only get more hectic as commuters rush to get the hell out of the cold. So, as the season gets tougher, you should too. Fortunately, the **Filson Padded Laptop Bag** is made of an oil-finished twill that's strong enough to stave off a storm—of either crappy weather or crappy people. And since it's a Filson, you know this twill x leather bag will be comfortable to carry and will have enough pockets to hold everything you need plus some extra shit in case you end up spending the night out. You know how that goes...For details, pics and **Buy It Now** info, see below...
