battery consumption for long runtimes and low operating cost. The line of lights includes a 2D Flashlight, 2AA Flashlight and a headlight to help illuminate projects while allowing two free hands to get the task done. For more information, contact Energizer Headquarters, Dept. S.W.A.T., 533 Maryville University Dr., St. Louis, MO 63141, (800) 383-7323, [www.energizer.com](http://www.energizer.com).

### NEW S.T.U. HOLSTER

The S.T.U. (Severe Tactical Use) shoulder holster from Lawman Leather Goods is made for all semi-auto, large-frame pistols. The S.T.U. is the only all-leather shoulder holster and harness in history that is 99.9% resistant to salt water, river algae, mud, sand, and crime scene splatter, and is fully washable with antibacterial liquid. Made from Lawman's exclusive "Element 119" black leather, with the thickest leather harness in the world, the harness fits under your off-

gun arm with no discomfort, due to Lawman's swivel principle. The harness moves with you; it doesn't bind against you. The S.T.U. can be used in underwater ops, heavy rainstorms, or desert/sand conditions with no concern about blood or other body fluids coming in contact with it during a tough take-down or at a crime

scene. Suggested retail is \$209.95. Get yours from Lawman Leather Goods, Dept. S.W.A.T., P.O. Box 30115, Las Vegas, NV 89173, (877) 44-LAWMAN, [www.lawmanleathergoods.com](http://www.lawmanleathergoods.com).

### KIMBER TACTICAL PISTOL FAMILY GOES HEAVY DUTY

Kimber® has announced the addition of the Tactical Custom HD II™ and the Tactical Entry II™ to its product line. Unlike the original Tactical pistols, the Tactical Custom HD II and Tactical Entry II feature stainless steel frames, and the Tactical Entry II has the integral Kimber Tactical Rail™ for flashlight and accessory mounting. Tactical pistols are no-compromise, purpose-built pistols that leave

nothing out, with features oriented toward law enforcement use. Features include night sights for low-light conditions, checkering under the trigger guard and on the front strap for a positive grip, extended magazine well for fast reloads, ambidextrous safety for strong- or weak-hand shooting, and gray KimPro II on the frame for a contrasting two-tone look. Of course the Tactical pistols also have the standard Kimber features: match-grade chamber, trigger, bushing and barrel; extended beavertail safety; full-length guide rod and extended magazine release. The Tactical Custom HD II carries a suggested retail price of \$1,333. The Tactical Entry II has a suggested retail price of \$1,428. For more information, contact Kimber Mfg., Inc., Dept. S.W.A.T., One Lawton Street, Yonkers, NY 10705, (800) 880-2418, [www.kimberamerica.com](http://www.kimberamerica.com).

### WOOLRICH ELITE BREATHABLE PARKA

Using its 178-year-old expertise in apparel technology, Woolrich Elite Series Tactical designed the Elite Waterproof Breathable Parka to withstand the worst weather Mother Nature can offer. In addition to a durable, waterproof, breathable membrane, the parka has the features that tactical-savvy consumers demand. Features include: outer shell of nylon ripstop fabric with a waterproof, breathable membrane and 260T nylon taffeta liner; detachable hood for convenience, easy wash and wear care; double storm flap with hidden security pockets and rain gutter; large patch pockets with side hand-warmer access (flaps can be tucked inside to create a convenient dump pocket); and two-way side seam zipper for underarm ventilation and easy access to gear worn at the waist. The Elite Waterproof Breathable Parka is available in

Black, Coyote Brown and OD Green. Suggested retail is \$149.99. For more information, contact [Woolrich Elite Series Tactical](http://Woolrich Elite Series Tactical), Dept. S.W.A.T., 1 Mill St., Woolrich, PA 17779, (570) 769-6464, [www.woolricheliteseriestactical.com](http://www.woolricheliteseriestactical.com).
